Appointed to fill unexpired term.

Report of Auditor.

To the Citizens of the Town of Saugus:

Having examined the accounts of the Treasurer, Tax Collector and Overseers of the Poor as required by the by-laws of the Town and having found proper vouchers for all payments made, I hereby submit the annual report for the year ending December 31, 1904. At the last annual meeting the question was raised as to why the published list of unpaid taxes did not nearly amount to the balances as called for in the Collector's accounts. At that time I reported that I was then making a thorough investigation of the matter, and upon going carefully through the books with the Collector I found enough unpaid taxes in every year, which did not appear in the list as published to bring up the balance to what it should have been. Neglect to take proper time in which to do it and carelessness on the part of the Collector in drawing off the list, wholly accounted for the apparent deficiency.

I recommend that the sum of \$8,500 be appropriated to meet interest charges the ensuing year. Three thousand dollars will be required for principal of Water Loan. Three thousand dollars for principal of Roby School-House Loan and \$350 for Lynnhurst School-House Loan.

Respectfully submitted,

GEORGE PARSONS,

SAUGUS, February 12, 1905.

Auditor.

ANNUAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus.

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town, on Monday, March the seventh, A. D. 1904, at six (6) o'clock A. M., then and there to bring in their ballots to the Wardens for the following Town Officers :

Town Clerk, three Selectmen for one year, Town Treasurer, one Assessor for three years, three Overseers of the Poor for one year, Tax Collector for one year, one member of the Board of Health for three years, Auditor, Constable, two Sinking Fund Commissioners, one for three years, one for two years, three Trustees of Public Library for three years, one Water Commissioner for three years, one Member of School Committee for three years, three Fence Viewers, Tree Warden for one year, one Cemetery Commissioner for three years. Also your answer "Yes" or "No" to the following question, "Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?"

Also to appear at the Town Hall, on Monday evening, March fourteenth, A. D. nineteen hundred and four, at 8 o'clock, to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on Reports of Committees.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

ART. 4. To revise the Jury List.

ART. 5. To choose a Committee on Appropriations, as required by the Town By-Laws.

ART. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

ART. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town Offices and make an appropriation for the same.

ART. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes :

First. For the purpose of paying notes coming due the present year.

Second. To hire money temporarily, not exceeding seventy-five thousand dollars (\$75,000), for one year, in anticipation of the taxes of the year 1904.

ART. 10. To see if the Town will make an appropriation for Police Service.

ART. 11. To see if the Town will appropriate the sum of two hundred and twenty-five dollars (\$225) for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

ART. 12. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

ART. 13. To see if the Town will make an appropriation to cover the cost of insurance on Town Buildings.

ART. 14. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

ART. 15. To see if the Town will make an appropriation for the Board of Health, or to see what action the Town will take in the matter.

ART. 16. To see if the Town will make an appropriation for the Superintendent of Schools.

ART. 17. To see if the Town will appropriate the sum of one hundred (\$100), for searching the Records and Plans and for Incidentals for the Assessors.

ART. 18. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

ART. 19. To see if the Town will make an appropriation for Tree Warden, or to see what action the Town will take in the matter.

ART. 20. To see if the Town will make an appropriation for Sealer of Weights and Measures, or to see what action the Town will take in the matter.

ART. 21. To see what compensation the Town will give the Collector for collecting the tax of 1904, or to see what action the Town will take in the matter.

ART. 22. To see if the Town will vote to adopt some rule for collecting taxes, or to see what action the Town will take in the matter.

ART. 23. To see if the Town will defray the expenses of the Lock-up from Court Fines, or to see what action the Town will take in the matter.

ART. 24. To see if the Town will make an appropriation for the salaries of Firemen of the Saugus Fire Department, or to see what action the Town will take in the matter.

ART. 25. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the expense of the Fire Department for the ensuing year, or to see what action the Town will take in the matter.

ART. 26. To see if the Town will appropriate the sum of six hundred dollars (\$600) and dog tax for use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

ART. 27. To see if the Town will vote to purchase a Steam Roller for the Highway Department, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 28. To see if the Town will make an appropriation for salary of Superintendent of Cemetery, or to see what action the Town will take in the matter.

ART. 29. To see if the Town will make an appropriation of four hundred dollars (\$400) for Soldiers' Relief, or to see what action the Town will take in the matter.

ART. 30. To see if the Town will vote to lay a new floor in the Town Hall, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 31. To see if the Town will make an appropriation for the extermination of the brown tail moth by removing the nests from the trees, or to see what action the Town will take in the matter.

ART. 32. To see if the Town will make an appropriation of fifty dollars (\$50) for numbering the houses in the Town not yet numbered, or to see what action the Town will take in the matter.

ART. 33. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) on account of the sinking fund for payment of the notes borrowed for the Cliftondale School House Loan (new), or to see what action the Town will take in the matter.

ART. 34. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, viz.: two (2) lights on Howard street and one (1) light on Main street north of Howard street and three (3) lights on Wakefield avenue, one (1) light on Chestnut street, three (3) lights on Parker street, one (1) light on Prospect street, one (1) light on Franklin street and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 35. To see if the Town will vote to observe "Old Home Week," appoint a committee of five (5) to make necessary arrangements, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 36. To see if the town will accept and adopt the By-Laws as revised and amended by the Committee, or to see what action the Town will take in the matter.

ART. 37. To see if the Town authorize the Treasurer, with the approval of the Selectmen, to make a Water Loan of five thousand dollars (\$5,000) for the extension of the water pipes, or to see what action the Town will take in the matter.

ART. 38. To see if the Town will make an appropriation for a Fire Alarm Box, to be placed at the corner of Main and Howard streets, or to see what action the Town will take in the matter.

ART. 39. To see if the Town will make an appropriation for an Arc Light to be placed at the junction of Broadway and Pleasant avenue, agreeable to the petition of R. P. Whitcher and others, or to see what action the Town will take in the matter.

ART. 40. To see if the Town will vote to pay the Assessors fifty cents (.50) per hour while assessing property, or to see what action the Town will take in the matter.

ART. 41. To see if the Town will vote to curb the grass plot surrounding the flag-staff in the public square in East Saugus, and make an appropriation for the same, agreeable to the petition of C. W. Fox and others, or to see what action the Town will take in the matter.

ART. 42. To see if the Town will vote to build a sidewalk on Winter street, from Macajah Newhall's house to Horace A. Nowell's, a distance of about seven hundred (700) feet, and make an appropriation for the same, or to see what action the Town will take in the matter, agreeable to the petition of C. W. Fox and others.

ART. 43. To see if the Town will instruct the Selectmen to make a five (5) years' contract for street lighting or to see what action the Town will take in the matter.

ART. 44. To see if the Town will accept that part of Norton avenue not accepted as stipulated on plan and specifications filed with the Town Clerk, agreeable to the petition of William Sim and others, or to see what action the Town will take in the matter.

ART. 45. To see if the Town will vote to accept Robinson street as per plan and specifications filed with the Town Clerk, agreeable to the petition of B. F. Robinson and others, or to see what action the Town will take in the matter.

ART. 46. To see if the Town will appropriate the sum of one hundred dollars (\$100) to place a hook in the office of the principal of the high school, for sounding the no-school signal, or to see what action the Town will take in the matter.

ART. 47. To see if the Town will appropriate the sum of five hundred dollars (\$500) for repairs to the interior of the school-houses, or to see what action the Town will take in the matter.

ART. 48. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the erection of a receiving tomb in Riverside Cemetery, or to see what action the Town will take in the matter.

ART. 49. To see if the Town will appropriate the sum of fourteen hundred dollars (\$1,400) for laying out of avenues, grading and care of Riverside Cemetery, or to see what action the Town will take in the matter.

ART. 50. To see if the Town will appropriate the sum of six hundred dollars (\$600), five hundred dollars (\$500) of which is for salary of Superintendent of Cemetery, and one hundred dollars (\$100) of which is for horse hire for work in said Cemetery, or to see what action the Town will take in the matter.

ART. 51. To see if the Town will instruct the Selectmen to build a fire proof vault in the Town Hall for the use of the Assessors, and make an appropriation therefor, or to see what action the Town will take in the matter.

ART. 52. To see if the Town will vote to place two (2) catch-basins, one (1) at the junction of Mt. Vernon and Laurel streets, and one (1) at the junction of Laurel and Clifton streets, and connect the same with pipe, and make an appropriation for the same, or to see what action the Town will take in the matter. agreeable to the petition of Albert Sweetser and others.

ART. 53. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) to be expended on Central street, in connection with the laying of the tracks of the Boston & Northern Street Railway, or to see what action the Town will take in the matter.

The Polls will open at 6 o'clock A. M., and may close at 4.30 P. M., and you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this twenty-third day of February, A. D. nineteen hundred and four.

HENRY F. FISKE,
HERBERT O. PRATT,
ISAAC E. GRAVES,

Board of Selectmen.

ESSEX, SS.

COMMONWEALTH OF MASSACHUSETTS.

SAUGUS, March 7, 1904.

Pursuant hereunto I have served this Warrant as within directed.

CHARLES A. BLAKELEY,
Constable.

A true copy. Attest:

HENRY A. PARKER,

Town Clerk.

SPECIAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the Town Hall, on Friday evening, July twenty-ninth, A. D. 1904, at eight (8) o'clock, to hear and act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on Reports of Committees.

ART. 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes.

First. For the purpose of paying notes coming due the present year.

Second. To hire money temporarily, not exceeding fifteen thousand dollars (\$15,000), for one year, in anticipation of the taxes of the year 1904.

And you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this eighteenth day of July, A. D. nineteen hundred and four.

ISAAC E. GRAVES,
HENRY F. FISKE,
FRANK P. BENNETT,

Board of Selectmen.

SAUGUS, July 29, 1904.

ESSEX, ss.

Perusant hereunto I have served this Warrant as within directed.

CHARLES A. BLAKELEY,
Constable.

Special Town Meeting July, 29, 1904.

The meeting was opened by Town Clerk, Henry A. Parker at 8 o'clock P. M.

ART. 1. Chose Thomas P. Parsons Moderator, who after being duly qualified by the Town Clerk took charge of the meeting.

ART. 2. No reports of committees.

ART. 3. Voted, That the Town Treasurer, with the approval of the Selectmen be and hereby is authorized to hire money temporarily, not exceeding one year, in anticipation of the taxes of the year 1904 and give notes of the Town for the same, and all money so hired shall be expressly made payable from such taxes of 1904. The whole amount so hired under this vote not to exceed the sum of fifteen thousand dollars (\$15,000). Yes 27. No 0.

Voted, at 8.12 P. M. to dissolve the meeting.

A true copy. Attest:

HENRY A. PARKER,
Town Clerk.

SPECIAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus:

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the Town Hall, on Thursday evening, December twenty-ninth, A. D. 1904, at 8 o'clock, to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2 To hear and act on reports of committees.

ART. 3. To see what action the Town will take to suppress and exterminate the gypsy and brown tail moths and to make an appropriation therefor, not exceeding five hundred dollars (\$500) to be expended under the direction of the Tree Warden.

ART. 4. To see if the Town will appoint a committee of three to report to the Annual Town Meeting as to the best measures to take for additional school accommodations, or to see what action the Town will take in the matter.

ART. 5. To see if the Town will appoint a committee to co-operate with the Tree Warden, same to serve without pay.

And you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town seal this nineteenth day of December, A. D. nineteen hundred and four.

ISAAC E. GRAVES,
HENRY F. FISKE,

Board of Selectmen.

 \$1,124 67

In presenting the above report, the Overseers of the Poor realize, owing to circumstances over which they had no control, the success of the past year has not been quite equal to that of the previous year. The resignation of J. B. Wiggin and the employment of J. F. Burnham, as Warden of the Saugus Home, was at a very inopportune time, the latter assuming the position on the 18th of April. But little preparatory spring farm work had been done and the present Warden was handicapped by the wet weather and backward spring, which set in when he was ready for work. Then, too, it was found that neither of the work horses were fit for what was required of them, and they had to be sold and two others purchased. Another drawback during the year was the dry weather, which set in just as the second crop of grass needed moisture, and what bid fair to yield from 15 to 20 tons of hay resulted in almost a total failure.

This Board recommended in its last annual report an appropriation of \$3,500.00, but, through some misunderstanding, the Appropriation Committee recommended, and the Town voted, only \$2,500.00. This amount was inadequate for the ordinary requirements, and when the sum of \$921.05 (about double the usual amount required) had to be paid out for aid to those belonging to outside districts (which will be refunded), and a horse which had to be purchased from the appropriation, accounts in a great measure for the overdraw.

The Overseers, through the efforts of the Town Counsel, Henry C. Attwill, Esq., secured the sum of \$165.07 from the Salem Savings Bank, the accumulation of a deposit made by a person who had received support from the Town and died in 1877, and which had never before been claimed.

The Home is well kept and the inmates (4) properly cared for. The Warden, Mr. Burnham, and the Matron, Mrs. Burnham, appear well fitted for their duties.

The Board concludes this report by recommending that the sum of \$3,000.00 be appropriated for the ensuing year.

Respectfully submitted,

JAMES A. HALLIDAY,
GEORGE H. AMES,
HENRY N. OLIVER.

Selectmen's Report.

To the Citizens of the Town of Saugus:

We take pleasure in presenting our report to our fellow citizens at the termination of our official year.

We feel proud of Saugus and its citizens who have made our Town such an attractive and prosperous residential district. We are certainly well up in the list of model towns. After extending our sincere thanks for the confidence reposed in us, we respectfully submit the following report of the expenditures made during the past year.

Central Street.

At last (so to speak) the above street has been widened, graded and built according to the plans of the County Commissioners, the Boston & Northern Street Railroad Co. has laid its track and is operating its cars over same. The improvement must commend itself to every citizen of the Town as one of lasting benefit. Next spring it will be necessary for the Board to at once, either arrange with the County Commissioners, or recommend that the Town build or repair such retaining walls and fences as were damaged by the above reconstruction of the street.

Road Roller.

The committee consisting of the Board of Selectmen made various visits and inquiries of various agents, and finally concluded to purchase a Buffalo Pitts Road Roller which has proved very satisfactory to the Superintendent of Streets.

Last year the Board granted a franchise to the Maplewood & Danvers Street Railroad Co. to lay a double track over what is

commonly known as the Newburyport Turnpike and later as Broadway. We fully expected at the time that we granted the franchise that they would begin work at once, but the company have been unable to obtain a charter up to the present time, owing to the tremendous opposition from two powerful corporations. Our Board has been present at several hearings of the Railroad Commissioners and have done everything in their power in connection with the officials of other towns and cities, to make this proposed road an assured fact.

The Board this year petitioned, in conjunction with the city of Melrose, the State Highway Commission to take and lay out Essex street from Cliftdale square to Town Hall, Melrose. The petition is now before the commission for a hearing.

We desire to call the attention of the citizens to the fact that the Board has this year adjusted and arrived at an amicable settlement of the taxes on the Pranker Mills property, thereby enabling the heirs to dispose of the property to parties who have put it in thorough repair, and who are operating the plant at the present time.

An article will be put in the warrant asking the citizens to ratify the action of the Board at the coming Annual Town Meeting.

Highways and Bridges.

It may not be out of place to call the attention of the citizens to the general improvements that have been made this year under the Highway Department. After having gone over the streets and given them their spring cleaning, our efficient Superintendent has resurfaced Winter street, also Lincoln avenue, from Cliftdale square to the Revere line; graded a large section of road at North Saugus; placed catch basins at the corner of Mt. Vernon and Laurel streets, Cliftdale, thereby relieving a long felt want, and made a lot of minor repairs too numerous to mention.

We congratulate the Superintendent for the way he has conducted the Street Department this year, and also the Town for having so competent a man for the place.

Street Lighting.

We have 68 arc lamps at a cost of \$67 per lamp, also 76 incandescent lamps at a cost of \$16 per lamp. You will see by this that the total cost of the present system for the coming year will be about \$5,772.

The Board made a 5-year contract with the Lynn Gas and Electric Co., on practically the same terms as the previous one, with the exception that the company made us some concessions in the matter of light for the Town Hall.

The service has been very satisfactory, and the citizens may rest assured that they are getting as much for their money as any other town or city in this vicinity. The company has extended its gas pipes from Clifftondale, over Central street, and will be prepared to furnish the centre of the Town the coming summer with 90-cent gas.

There will, in all probability, be more or less calls for additional lights the coming year.

If the Town will slightly increase the appropriation the coming year the Board will be able to take care of any reasonable call for extensions.

Police Department.

The high state of efficiency of the Police Department is too well known to need any praise at our hands. We congratulate the Chief and his men for the manner in which they have conducted themselves during the past year.

For further information please consult the Police Department report.

Fire Department.

This department has had a very busy year, having had nearly double as many alarms this year as last.

The fire-alarm system has not worked properly and has caused more or less just criticism from the citizens. A fire-alarm system must work accurately, at all times, in order to give the department the necessary information as to the location of the fire. It has not done it, and the condition of the system had become so

demoralized that it became necessary to summons an expert to confer with Mr. Pratt as to the best method to take to correct it. They have been over the line and have carefully noted all the possible chances that there might be of foreign interference from trees, other wires, poor insulation, etc. Mr. A. D. Wheeler electrician for the Gamewell Fire Alarm Telegraph Co. has made some suggestions to the Board of Engineers which it would seem would have to be adopted in order to bring the system up to the proper standard.

It is well to say at this point that the trouble is not due to any one connected with the department but is the natural result of the extension of the system and also to the fact that some of the instruments in use have outlived their usefulness. The matter will be brought before the Town with an article covering the needs of the department.

Public Buildings.

The improvements that have been made this year are only what come naturally from wear and tear.

The two wooden school-houses at the center of the Town have been put in perfect order. The Lincoln avenue school-house has been shingled and the wooden school-house on Essex street has also been repaired. The Hose House at East Saugus has been repaired and painted.

The Town property is in very good condition but it will require quite a liberal appropriation each year in order to keep them so.

Finances.

The finances of the Town at the close of the year are about the same as they were at the close of 1903, that is to say that the proportion of the uncollected tax of 1904 is practically the same as it was in 1903, notwithstanding the fact that the Collector has collected about \$10,000 more this year than he did last.

The Collector's report will show a marked improvement in the matter of taxes that are behind the two year limit, which is a step in the right direction, but which it will be necessary for the Collector to follow up diligently in the future in order to present to the Town a clean sheet at the close of the year 1905.

Appropriations.

We would respectfully recommend that the following appropriations be made for the ensuing year :

| | | | | |
|---------------------------|---|---|---|---------|
| Highways and Bridges | . | . | . | \$5,000 |
| Selectmen's Incidentals | . | . | . | 6,500 |
| Insurance | . | . | . | 425 |
| Public Buildings | . | . | . | 1,000 |
| Street Lighting | . | . | . | 5,875 |
| Soldiers' Relief | . | . | . | 350 |

ISAAC E. GRAVES,
HENRY F. FISKE,
FRANK P. BENNETT,

Board of Selectmen.

Assessors' Report

FOR THE YEAR ENDING DEC. 31, 1904.

Table of Aggregates of Polls, Property and Taxes Assessed
May 1, 1904.

| | |
|---|-------|
| Number of polls assessed | 1,543 |
| Number of persons paying property tax | 1,991 |
| Number of persons paying poll tax only | 852 |
| Number of persons liable to military duty | 945 |
| Number of dogs registered (male, 250; female, 49) | 299 |
| Population as taken by the Assessors | 5,593 |

Schedule of Property Assessed.

| | |
|-------------------------------------|-------|
| Number of dwelling-houses | 1,307 |
| Number of acres of land | 6,130 |
| Number of horses | 316 |
| Number of cows | 791 |
| Number of neat cattle | 10 |
| Number of swine | 139 |
| Number of fowl | 8,893 |
| Number of carriages | 146 |
| Number of automobiles | 8 |
| Number of bicycles | 260 |

Total Amount of Property Assessed.

Divided as follows:

| | |
|--|-------------|
| Resident real estate | \$2,918,478 |
| Non-resident real estate | 1,214,120 |
| Resident personal estate | 248,137 |
| Non-resident personal estate | 44,890 |
| | <hr/> |
| | \$4,425,625 |

Value of Real and Personal Estate.

| | | |
|-----------------------------------|-------------|-------------|
| Buildings exclusive of land . . . | \$2,377,385 | |
| Land exclusive of buildings . . . | 1,755,213 | |
| Personal property | 293,027 | |
| | <hr/> | \$4,425,625 |

Basis of Taxation.

| | | |
|-----------------------------------|-------------|--------------|
| Appropriations, March, 1904 . . . | \$92,190 00 | |
| State tax | 3,225 00 | |
| State highway tax | 79 95 | |
| Metropolitan Parks tax | 1,619 77 | |
| County tax | 4,259 95 | |
| Overlay | 2,500 00 | |
| | <hr/> | \$103,874 67 |
| Less Town's income | | 12,395 85 |
| | | <hr/> |
| | | \$91,478 82 |

Tax for state, county and town purposes committed to Lewis J. Austin, Collector, \$91,478.82.

| | |
|----------------------------------|------------|
| Street railway excise tax . . . | \$2,553 01 |
| Saugus tax rate on \$1,000 . . . | 20 00 |

We would call the attention of owners of property to the notices which the Assessors are required by law to post in conspicuous places on the first of May requiring said owners to bring in a list of their taxable property both real and personal, blank forms being furnished on application.

The Assessors have endeavored to be just in their estimation of values, and for the information of those who entertain the opinion that real estate should be assessed for only three-fourths of its value, we would say that it is a mistaken idea. The law requires that all property shall be assessed at a fair cash value. A forced sale is not to be considered as fair and equitable.

The duties of the Assessors are increasing with each year owing to large tracts of land being cut up into small lots, the many transfers of property and the increase in population, which will require an increased appropriation for salaries, etc.

The Assessors hereby recommend that the sum of nine hundred dollars be appropriated for salaries for the ensuing year and the sum of one hundred dollars for searching records and obtaining such plans as may be deemed necessary.

Respectfully submitted,

MAURICE F. CUNNINGHAM,
LEVI G. HAWKES,
ALONZO PENNEY,

Assessors of Saugus.

Report of Superintendent of Streets.

To the Honorable Board of Selectmen:

GENTLEMEN,—I herewith submit my fourth annual report for the year ending Dec. 31st, 1904. Repairs in general have been somewhat hindered owing to the fact that it took about \$4,000, nearly the whole of the regular appropriation, to take care of the snow and ice the past year, but notwithstanding this, good work has been done in various parts of the Town.

Myrtle Street.

This street from Mt. Vernon to Whitney has been put in very good condition. The gutters have been filled with stone and well rolled and will no doubt last a number of years.

Main Street.

Three hundred loads of gravel have been used on this street from Mitchell's corner to Mr. Longfellow's residence and the road is now in good condition. I would suggest that a liberal sum of money be spent the coming year in this part of the Town.

Myrtle Street, Ward One.

Extensive repairs have been made on this street from Mr. Hone's to the swamp near the Wakefield line. A large amount of grading has been done on Walnut street, but I would call your attention to the road from the school-house to Broadway and from Broadway to the head of Birch pond. Hawkes' hill so called is in bad condition owing to the heavy traffic caused by the building of the new dam and immediate attention should be paid to this.

Winter Street.

That the purchase of the steam roller was a great benefit and a matter of economy to the Town is shown by the fact that this street was put in good condition its entire length for the sum of \$700.00. This would have cost a much larger sum had it been done by hand picking.

Central Street.

This street also shows the wisdom of the purchase of the steam roller and now that it is completed adds one more mile to our permanent road building and is of great convenience to the Town.

Drainage.

I would again call your attention to the advisability of a special appropriation to care for the surface water from Lincoln square to the Revere line. I would also suggest that the work begun about two years ago from Morton avenue to Bristow street be completed this coming season.

A big nuisance has been done away with at the junction of Mt. Vernon and Laurel streets by putting in two large catch basins and laying 140 feet of eight inch, and 250 feet of ten inch pipe, together with the heavy grading, is very gratifying to the citizens in that section of the Town.

I wish to extend my thanks to the employees of this department for the faithful performance of their duties, also my foreman Mr. Hall for his efficient service, and the Honorable Board for their advice and encouragement.

Following is a list of the property in charge of this department.

| | | |
|-------------------------------|----------|------------|
| 1 watering cart | \$350 00 | |
| 1 horse road roller | 100 00 | |
| 1 steam roller | 3,250 00 | |
| 1 road machine | 175 00 | |
| 1 set runners | 20 00 | \$3,895 00 |

Amount carried forward,

\$3,895 00

| | | | | | | |
|--------------------------------|------------------------|---|---|---|---|------------|
| <i>Amount brought forward,</i> | | | | | | \$3,895 00 |

| Expense to Hyde Park | 1 30 |
| Expenses on Jones case | 3 00 |
| Automobile book | 1 50 |
| Dog notices | 6 00 |
| Map of Essex County | 1 25 |
| Salem on Walker case | 75 |
| Salem on Jackman case | 75 |
| Postage | 5 00 |
| Three trips to Salem | 1 00 |
| Commitments | 5 00 |

 \$3,953 79

The total amount of fines paid during the year was \$232.00. Paid to the Town of Saugus, \$232.00. Paid to complainant, \$1.50.

I would recommend that the sum of \$4,200.00 be appropriated for police service for the year of 1905, as the demands on the department increase with the growth of the Town.

Conclusion.

In concluding my report I wish to thank the honorable Board of Selectmen for the many acts of kindness shown me in the past year.

I wish also to extend my thanks to the officers, both regular and special, for their hearty and efficient service.

Respectfully submitted,

CHARLES O. THOMPSON,

Chief of Police.

REPORT OF Board of Engineers.

The apparatus consists of three hose wagons, one hook and ladder truck, 12 extinguishers, 6,000 feet hose, four sets double harness, 300 feet ladders, three jump nets, one pull down hook with chains, three long hooks, one line gun, three crotch poles, eight lanterns, 28 rubber coats, 26 spanners, 20 belts, 12 hose lighters, 14 fire hats, three wrenches, one patent wrench, three jacks, one pair cutters.

The Fire Department consists, at the present time, of 44 regular men, superintendent of fire alarm and three engineers.

C. I. HITCHINGS, *Chief*.

M. F. CUNNINGHAM, *First Asst.*

FRANK M. SYMONDS, *Second Asst.*

Record of Alarms.

Total of bell alarms, 44.

Total of still alarms, 8.

Total of false alarms, 2.

Total of second alarms, 9.

Detail of Alarms.

January 29, 8.20 P. M. Box 123. Dwelling owned and occupied by M. Epstein. Damage, \$25. Oil heater exploded.

February 17, 1.50 P. M. Box 37. Dwelling, Robinson street, occupied by E. Ryder. Cause, thawing water pipes. No damage.

March 25, 6.45 P. M. Box 123. Pleasant Hills Station B. & M. Fire on roof from sparks from engine. Damage slight.

March 25, 11.20 P. M. Box 124. Stable and dwelling owned and occupied by H. R. McKenzie. Essex street stable destroyed; dwelling, partial. Loss on dwelling, \$665. Furniture, \$300. Stable and contents, \$500.

March 26, 5 A. M. Box 123. House, Adams avenue, owned by Mr. Hoyle, caused by spontaneous combustion. Loss, house and contents, \$1,500.

March 26, 1.15 P. M. Box 24. Stable, Central street, owned by Kent estate. Loss, \$50.

March 30, 405 P. M. Box 28. Woods, Franklin Park.

March 30, 11.50 P. M. Box 21. Stable owned by Judge Amerige, occupied by L. B. White. Caused by lantern. Loss, \$249.22.

April 5, 12.50 P. M. Box 14. Small building, Appleton street, owned by Mr. Guming. Cause, burning brush. Damage, \$15.

April 6, 5.10 P. M. Box 123. Grass fire on premises, occupied by Ross bakery, Walnut street, Pleasant Hills. No damage.

April 8, 4.40 P. M. Box 126. Woods fire, Clifftondale.

April 18, 12.40 P. M. Box 14. Dwelling, Appleton street, owned by C. Murphy, caused by fire in chimney. Loss \$25.

April 21, 11.15 A. M. Box 124. Dwelling, Broadway, occupied by W. L. Fisk, fire around chimney. Damage trifling.

April 23, 11.10 A. M. Box 18. Woods, Denver street, owned by H. A. Nowell.

April 26, 10.10 A. M. Box 32. Stable and hennery, Hesper street, owned and occupied by L. Cucci. Loss, building and contents, \$1,000.

May 5, 5.22 P. M. Box 42. Woods, North Saugus.

May 26, 9.15 P. M. Box 25. Dwelling, Park avenue, occupied by Nicola Menelle, caused by overturned lamp. Loss slight.

June 25, 7.05 P. M. Box 23. Dwelling occupied by Mr. Moore, over line in Revere, cause, lightning.

June 27, 10.08 A. M. Box 21. Dwelling, Lincoln avenue, owned by Judge Amerige, caused by children and matches. Loss \$15.

July 11, 9.10 A. M. Box 125. False alarm.

July 15, 12.15 A. M. Box 27. Unfinished building, Bristow street. Total loss, damage, \$150. Owned by Mrs. Allen, Lynn.

July 19, 12.10 A. M. Box 16. Dwelling occupied by Mr. Skelley. Caused fire in chimney. Damage slight.

August 10, 10 A. M. Box 24. Dwelling, Kent estate. Caught from chimney. Loss, \$300.

August 19, 2.20 A. M. Box 125. Store, Pleasant Hills, owned by Mr. Blaine. Cause probably incendiary. Loss, building, \$700. Contents, \$500. Fully insured.

August 28, 11.30 A. M. Box 25. Dwelling, Central street. No damage.

October 3, 9.30 A. M. Box 37. Dwelling, Denver street, owned by L. J. Austin, occupied by Charles Deery. Defective flue. Loss \$300.

October 12, 4 A. M. Box 31. Bridge B. & M. Saugus river.

October 15, 9.20 A. M. Box 125. Fire in woods, Cliftondale.

October 20, 8.47 A. M. Box 125. Stable owned by Victor Cox, Pleasant Hills. Sparks from engine. Loss small.

October 20, 11.15 A. M. Box 23. Dwelling, Clifton street. Children and matches.

October 25, 12.15 P. M. Box 37. Woods fire, Central street.

October 30, 8.15 P. M. Box 21. Dwelling Lincoln avenue, Cliftondale, owned by Stokes & Cunningham. Overheated stove. Loss \$1,500. Building and contents.

November 2, 7.50 P. M. Box 32. False.

November 3, 7 P. M. Box 26. Woods. Lincoln avenue.

November 8, 12.20 P. M. Box 123. Woods. Near Pleasant Hill station.

November 12, 3.20 P. M. Box 124. Woods. Broadway.

November 18, 3.50 P. M. Box 25. Woods, rear of Mrs. Whitney's, Essex street.

November 18, 9.30 P. M. Box 125. Stable owned by J. H. Parke, Essex street. No damage.

November 19, 9.30 A. M. Box 124. Barn, owned by Miller heirs, occupied by Allen Stocker. Loss, building, \$1,000; contents, \$1,000.

November 28, 4.50 P. M. Box 35. Dwelling, Chestnut street. Rats and matches. No damage.

December 14, 9.40 P. M. Box 26. Car station, Lincoln avenue. Owner, Mr. Cole, Lynn; occupied by W. C. Lessner. Loss, total. Building, \$200; contents, \$100.

December 19, 11.50 A. M. Box 25. Dwelling, Knowles avenue. Owner, E. T. Pearce, Malden. Thawing water pipe. Loss, \$20. Insured.

December 27, 7.30 P. M. Box 12. Wood and coal sheds of N. R. Stiles, Denver street. Overheated stove. Loss, \$175.

December 27, 9 P. M. Box 21. Dwelling owned by C. O. Thompson, Lincoln avenue. Caused by electric wiring.

Would recommend the sum of \$2,700 for the ensuing year.

CHARLES I. HITCHINGS,

Chief.

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1904. The Board was organized as follows: George W. Gale, M. D., Chairman; Clarence Coates, Secretary; Benjamin F. Robinson, Health Officer.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 P. M.

Cases of diphtheria, twenty-five; scarlet fever, nine; typhoid fever, four.

Contagious Diseases:

RULE 1. When a physician knows that a person whom he is called to visit is infected with small-pox, diphtheria, scarlet fever, typhoid fever, or any other disease dangerous to public health he shall immediately give notice to the Board of Health.

RULE 2. When a household knows that a person within his family is sick of cholera, small-pox, diphtheria, scarlet fever, typhoid fever, measles or membranous croup, he shall immediately give notice to the Board of Health, and upon the death, recovery, or removal of such person, the rooms occupied, and the articles used by him, shall be disinfected by such householder in the manner hereinafter provided, and subject to the approval of, and under the direction of the Board of Health.

Cesspools, Privies and Vaults.

RULE 22. No person shall build, or cause to be built, any privy, vault, or cesspool, unless the same is constructed in a thorough and substantial manner, lined with stone, brick or other suitable material of sufficient thickness and strength to prevent the walls from falling in, and located so that the inside of the

same shall be at least three feet distant from the line of any adjoining lot or street. Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet from the outside of the cellar wall of any tenement or dwelling, and thirty feet distant from any well, spring, or any other source of water supply used for culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from any domestic source, be permitted to enter any stream, brook, run or pond within the limits of the town.

RULE 23. All privies and vaults shall be cleaned at least once a year. Any privy or vault not cleaned within that time shall be declared a nuisance.

RULE 28. No person shall keep any fowl or animal in any place in the town where the Board of Health may deem such keeping detrimental to the health or comfort of the residents of the neighborhood, or to those who may pass thereby; and said Board shall have the power to remove or cause to be removed therefrom any such fowl or animal so kept.

RULE 29. No swine shall be kept within the limits of the town, without a license first obtained therefor from the Board of Health, and then only in such place and manner as it shall direct.

GEORGE W. GALE, M. D., *Chairman.*

CLARENCE COATES, *Secretary.*

BENJAMIN F. ROBINSON, *Health Officer.*

Free Public Library.

Trustees' Report.

The Trustees of the Free Public Library herewith submit to the citizens of the Town of Saugus their seventeenth annual report, for the year ending December 31, 1904.

The statistics furnished by the Librarian show a healthy growth of the institution. If the Library continues to grow as it has in the past a new library building will be a necessity in the near future. The present room is too small for our growing needs. The administration of the library cannot, under existing circumstances, be improved.

The increasing call for books of reference cannot be wholly filled for lack of room. The benefit which might be derived from their use would be greatly increased if we had, in connection with library, a room suitable for quiet study.

The purchase of books especially for children has resulted in an increasing number of child borrowers, which may be regarded as highly gratifying.

Fiction still holds a large place in the circulation, but the character of the same is improving, being of a historical nature.

There have been fifteen art exhibitions during the year, views of Old Boston, of English lakes, of Venice and of Sicily being especially interesting. These exhibits take place in the court room and are well worth a careful study.

Our grateful acknowledgments are due the donors whose names we append.

Congressman Roberts, for various government publications; to Nathan M. Hawkes, for Report of Park Commissioners of the City of Lynn and pamphlets relating to Saugus; Inside His-

tory of Carnegie Steel Company, by J. H. Bridges; Reports from various libraries and other pamphlets. Mrs. F. C. Cheever, Miss Julia J. Nourse, Miss Mary Thayer and Miss Emma E. Newhall for gifts of magazines.

It has been deemed necessary to open the library on another day of each week. During the coming year the library will be open on Monday afternoons, from one to three o'clock, which will entail increased expenses, and your Trustees herewith recommend that the sum of eight hundred dollars and the dog tax be appropriated for the use of the library for the ensuing year.

The appropriation for the library was less in 1904 than in 1903 on account of a smaller dog tax.

Respectfully submitted,

JAMES R. HUGHES,
GEORGE A. LEAROYD,
ARTHUR B. COATES,
ROSCOE S. BUTTERFIELD,
JOSEPH R. GILLAN,
LEVI G. HAWKES,

Trustees.

Report of Cemetery Commissioners.

Your Commissioners met April 15th, and organized as follows : Chairman, H. H. Atherton ; Clerk, J. S. Meacom. It was voted that hereafter no conveyance of lots be made until said lot was paid for in full.

We renewed our contract with Mr. C. L. Davis on the same terms as last year.

We employed Messrs. Wheeler & Betton to draw up plans and specifications for a tomb and advertised for bids on the same we got the following bids : from James E. Manning, \$2,160 ; C. C. Blanchard, \$1,995 ; Haskell & Sutherland, \$1,924 ; J. A. Haly, \$1,685 ; W. George Greenley, \$1,585 ; Albert W. Smith, \$1,425 ; and we awarded the contract to Mr. Albert W. Smith, he being the lowest bidder.

The said Smith appeared before your Commissioners and we invited him to sign the contract and furnish the requisite bond, and he refused so to do, claiming he had made a mistake in his figures, so we awarded it to the next lowest bidder Mr. W. George Greenley of our Town, and he fulfilled his contract to the letter, and gave us, we think, as good a job of work as the Town ever received before.

We changed his figures somewhat, where he had figured zinc for flashings we used copper at an extra expense of twenty-five dollars (\$25.00) and some wire screening in the top to keep out the birds at an extra expense of three dollars (\$3.00) thus making his total contract sixteen hundred and thirteen dollars (\$1,613.00) we have also spent from the tomb appropriation the sum of one hundred and sixty-three dollars and eighty-eight cents (\$163.88) for concrete in front of tomb and filling and grading around the tomb making a total spent thus far of seventeen hundred and

seventy-six dollars and eighty-six cents (\$1,776.86) out of our appropriation of two thousand dollars, (\$2,000.00). In the spring we shall be obliged to use some more of this money to finish filling and grading around the tomb. This we think will amount to about another hundred dollars making the total cost of tomb all finished and graded eighteen hundred and seventy-six dollars and eighty-six cents (\$1,876.86). We have used from the appropriation you gave us for general work in the cemetery which was fourteen hundred dollars (\$1,400.00) the sum of thirteen hundred and twenty-five dollars and ninety-eight cents (\$1,325.98). For an itemized account of the same we would refer you to the Auditor's report under that appropriation. We have painted the old tool house and removed the old tomb out of the general appropriation. We also started upon a new plan this last fall of raking up all dead leaves in the fall and burning them up as they can be handled much cheaper in the fall before they are allowed to lay all winter and get wet through besides in the spring when the work is pressing we can go right at it with none of the last year's work to bother us.

We have spent a great deal of time in the cemetery this year, and have tried to improve it as much as we could with the means you have given us to work with and we think most any citizen who has an occasion to visit the cemetery will see an improvement over last year. We purchased thirty dollars (\$30.00) worth of shrubbery last fall and set them out but they make but a very small showing, what is needed there is a lot of nice shade trees and we hope you will see this as your Commissioners do some day and give them an appropriation for that purpose.

We shall not ask for that special appropriation this year as we intend asking a small special appropriation to begin putting in concrete or other gutters in all the avenues running towards the river as it makes no difference how much gravel we cart in and spread upon those gutters the first good shower of the summer washes it all into the river and therefore we thought to stop this continual expense we would try making some staple gutters. We have got no figures as to what this work will ultimately cost the Town but we think it will be money well spent, and you can rest

assured your Commissioners will put none where they are not needed and we would therefore recommend an appropriation of three hundred dollars (\$300.00) for that purpose. We would also ask for an appropriation of five hundred dollars (\$500.00) for Superintendent's salary and two hundred dollars (\$200.00) for horse hire. You will see that this amount exceeds the amount called for last year, but Mr. Davis says he cannot afford to do the work we require of him with his horse for one hundred dollars (\$100.00) but he is willing to work his horse for the sum of one dollar and a half per day and so requests us to let him do. For an account of work and interments the last year we would refer you to the Superintendent's report which we herewith submit as a part of our report. We would also ask for an appropriation of fourteen hundred dollars (\$1,400.00) for general work in the Cemetery.

Respectfully submitted,

H. H. ATHERTON,
J. S. MEACOM,
R. P. WHITCHER,

Commissioners.

J. S. MEACOM,

Trustee.

Report of Cattle and Milk Inspector.

I have inspected at slaughter houses 71 head of beef cattle and 156 hogs, all of which in my opinion were free from disease.

In making the annual inspection, I examined 911 head of cattle and 290 hogs, none of which showed signs of disease.

I have taken 146 samples of milk none of which had been tampered with and delivered twenty-two licenses.

Respectfully,

A. W. SAWYER,

Inspector.

Report of Committee on Revising By-Laws.

Mr. Moderator and Gentlemen :

The committee which was appointed at the annual town meeting in March, 1903, for the purpose of revising or amending the Town By-laws, or creating new ones, desires to report that they have held several meetings during the past winter, at which a sufficient number of members were present to transact business. The revised by-laws, copies of which have been distributed to all voters, with the warrant calling this meeting, are the result of a careful study of those of other progressive municipalities. Of the needs of Saugus along the lines of good business management, and of the Revised Laws of the Commonwealth in their relation to the government of cities and towns, your Committee has endeavored to provide a set of reasonable and comprehensive by-laws, to meet the requirements of a growing town, which could be administered and enforced with impartiality and justice to all its citizens.

Some portions of the existing by-laws have been omitted from the ones proposed, as it has been found that the laws of the Commonwealth provide amply for the administration of such business in all municipalities, and the officials elected or appointed to carry out those provisions have all the authority given them by the laws of the Commonwealth, to which all municipalities must conform, therefore rendering it unnecessary to increase the volume of local by-laws.

By the proposed change in Article 8 from an appropriation committee as now called for, to a finance committee, it is believed that the appropriations made from time to time will be more

carefully considered, as the committee will always consist in part of members who will be thoroughly informed all the time as to the condition of the Town's finances, whereas now a committee may be chosen which, not being able to obtain the necessary information, in the week in which they must report, are not in a position to act on such matters with justice to all the varied interests of the taxpayers.

The proposed by-laws which have been presented for your action under Article 36 in the warrant were the unanimous choice of the committee; they have been submitted to legal counsel for advice and declared legal in all their aspects, and if accepted by the Town and approved by the Superior Court, will in all probability serve the best interests of the Town for many years.

Respectfully submitted,

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND
Superintendent of Schools
OF THE
TOWN OF SAUGUS

FOR THE YEAR ENDING DECEMBER 31, 1904.

LYNN, MASS.
FRANK S. WHITTEN, PRINTER
1905

SCHOOL COMMITTEE.

*GEORGE M. AMERIGE, *Chairman* . Term expires 1907
HENRY J. MILLS, *Secretary* . . Term expires 1905
FRANK P. BENNETT, JR. . . Term expires 1906

*Died January 17, 1905.

The Board meets in its rooms in the Town Hall, the first Monday of each month at 7.30 P. M.

SUPERINTENDENT OF SCHOOLS.

CHARLES E. STEVENS.

The Superintendent may be found at his office, in the Town Hall building, on Mondays and Thursdays, from 8.30 to 9 A. M., and Thursdays, from 4 to 4.30 P. M. Telephone at residence.

CALENDAR, 1905.

Winter term (12 weeks), January 2—March 24.

Spring term (12 weeks), April 3—June 23.

Fall term (15 weeks), September 11—December 22.

School closes Wednesday noon of Thanksgiving week.

Winter term opens Tuesday, January 2, 1906.

The spring term of the high school will close one week later than is indicated above.

FINANCIAL STATEMENT.

Report of School Committee.

To the Citizens of the Town of Saugus:

The School Committee of the Town of Saugus herewith submits its annual report. Continuing the plan stated in our report of last year, we herewith confine ourselves to a consideration of matters of general policy, and matters relating to the property of the Town, referring the citizens to the report of the Superintendent of Schools for information relative to internal management. We take this opportunity of thanking the Town for the very liberal treatment given our recommendations of last year, and for the very substantial increase in the appropriation accorded us. That increase was given us for two reasons. First, because the appropriation of the previous year had proven so inadequate that bills for necessary supplies had to be carried over into the year 1904; second, because of the necessity which was shown in last year's annual report, of raising the salaries of the teachers whom we employ. Because of your liberal appropriation the year 1904 closed with practically no bills contracted by the School Committee outstanding.

New School-House.

At the special Town Meeting held in the latter part of December the citizens chose a committee of five to investigate and report to the annual town meeting on the matter of additional school accommodation. The problem which the Town is called upon to face is much more serious, we believe, than citizens realize. At East Saugus, for example, the school population has completely outgrown the single four-room building there located, with the result that one teacher has at the present

time sixty-four pupils, which is fourteen in excess of the number intended by the law. All of the other teachers there have quite as many as they ought to have. At Cliftdale the growth has, of course, been much more rapid, and the Felton School, which was completed only a few years back, and was expected to provide for the growth of several years is now completely filled, and the old Lincoln Avenue School, which it was apparently the purpose of the Town to abandon, has been re-opened and is once more in use. There is now not a single available room for the normal increase bound to occur this fall. At Saugus Centre one room has fifty-nine pupils, that is nine above the number intended by law, and the seats are so crowded up to the teacher's desk as to make things as unpleasant as possible all around. To make matters worse in this same building, the high school is expecting an entering class two or three times as large as the class which will be graduated this summer, and it is already a question where the increase is to be placed. Last year your committee recommended the erection of a new school-house so located as to relieve both East Saugus and Cliftdale. At the present time relief for the Centre appears equally urgent, and if the business of the Saugus Manufacturing Co. is so developed as to cause the full operation of its large plant, the increase in the school population certain to result therefrom, will find us absolutely unfitted for their reception. Such is the problem which the Town has referred to the special committee, and we refer citizens to their report for the proper solution of the difficulty.

Teachers' Salaries.

By means of a comparison of our salary list with that of several towns similarly situated as to population and wealth, it was shown in the last annual report that the wages of the teachers of our public schools must be raised, or the loss of the best instructors be the inevitable result. The liberal appropriation granted us last year made possible the increase in salaries desired. Up to that time, the customary salary for all of our teachers from the first grade through the eighth was \$415 per year. This we have raised to \$450 per year. To-day there are only two or

three teachers not receiving this sum, the reason being in two cases, that the teacher's work was experimental, and in the others, which were district schools, that a somewhat lower sum was more nearly commensurate with the services rendered. It is, of course, only a question of a very short time when another increase must be made, for women of less education and less ability are obtaining better pay in commercial positions, and unless the salaries of school teachers are brought at least on a par with the pay in commercial situations, only women of poorer attainments and less natural ability can choose so poorly paid a profession. We recommend to the consideration of the citizens the increase a year hence, of all of these salaries to a basis of \$500.

Appropriation.

The Committee feel compelled to ask this year again for an increase in appropriation. Such increase will not be used except in one or two individual cases for increase of salaries, but entirely for paying the necessary running expenses. The schools must be supplied with the best text books, additional rooms will have to be opened, and additional teachers employed. In fact, from now on, there is no question but that the town must expect to make its appropriation for schools larger each succeeding year.

GEORGE M. AMERIGE.

In the death of the Chairman of the School Committee the Town has met with a loss that can only be realized as time passes on, and the need of his devoted and judicious counsel occurs. George M. Amerige became a member of the School Committee at the town meeting which was held on March 11, 1895. During the ten years of his membership occurred the great expansion of the school population of the Town, and in Cliftondale, the district assigned to his charge, the task of properly caring for school children and school property was hardest of all the three districts. He was never unequal to the task. Parents found him very willing to hear their difficulties, and his ready sympathy and sterling common sense brought to a happy con-

clusion troubles that might otherwise have had serious consequences. Particularly was he a friend of the teachers, and there was not one of them but felt the greater confidence in her success, because of the sturdy friend who they knew was behind them. Judge Amerige became Chairman of the School Committee in March, 1903, and continued to hold that position until his death. At the March Meeting of 1904, although his health had become even at that time seriously impaired, the voters showed their confidence in his administrative ability, by according him a virtually unanimous re-election. The Committee feel that they express the real sorrow of the community, as well as their own, at this untimely death of a beloved fellow citizen.

Signed HENRY J. MILLS,
FRANK P. BENNETT, JR.

We estimate that we shall require for the year, as follows:

| | | | | | | |
|-------------|---|---|---|---|---|----------------|
| Teachers | . | . | . | . | . | \$18,000 |
| Janitors | . | . | . | . | . | 3,000 |
| Supplies | . | . | . | . | . | 2,400 |
| Fuel | . | . | . | . | . | 3,000 |
| Incidentals | . | . | . | . | . | 1,000 |
| | | | | | | <hr/> \$27,400 |

HENRY J. MILLS,
FRANK P. BENNETT, JR.

Report of Superintendent of Schools.

To the School Committee:

GENTLEMEN,—I have the honor to submit to you and to the people of Saugus my eleventh annual report as Superintendent of Schools.

During the year ending June 30, 1904, the total average membership of all schools was 1,235, an increase of sixty-five for the year. The average membership for the fall term ending December 23, 1904, was 1,300, a gain of thirty-five over the fall term of 1903. There have been 2,160 cases of tardiness for the year. This is less than two for each pupil and 131 less than the number recorded in 1903. Thirty-five teachers are now employed. Of this number, twelve are at the Centre, fifteen at Cliftondale, five at East Saugus and three in outside districts. Several of our best teachers have resigned to accept positions paying larger salaries, but this is to be expected so long as we employ good teachers at less salaries than are paid in neighboring municipalities.

During the year, 148 pupils entered our schools from other towns. Of these thirty-two came from Lynn, twelve from Boston, eight from Revere, ten from Malden, forty-five from other cities and towns of this state and forty-one from different places outside the state.

The membership figures for several years are here given.

School Accommodations.

Early in the fall the upper room in the Lincoln avenue building, the only vacant school-room in town, was fitted up, an additional teacher employed, and another school opened. In this way provision was made for all the Clifftondale pupils. But there are only a very few sittings not already occupied, so that it may be confidently asserted that another school will be required within a year.

The East Saugus schools are somewhat larger than one year ago. There should be another school here, but having no other room, two teachers are working together in one room, doing as well as they can to teach more than sixty small children. This arrangement is very unsatisfactory and excellent work is impossible.

At Saugus Centre the schools have been increasing, and with the expectation of greater numbers this spring the prospect is not wholly pleasing. Three of these schools are now working at great disadvantage because of their crowded condition and the unusual demands upon the teachers. There is work enough for one teacher to care for grade nine, and the teacher of grade seven ought to have no other pupils, but the work of teaching grade eight has been shared by the teachers of grades seven and nine. There are pupils enough in grades four and five for two schools, yet they have been crowded into one room and one teacher has had the care of both grades. Two additional schools are needed at Saugus Centre.

It would seem to be advisable to take steps at once to erect a new high school building, large enough to accommodate the ninth grade, as well as the high school proper. At the present time this would be about 200 pupils, but the building should be made large enough to comfortably seat 400 pupils.

Teachers.

The following is the full list of changes in our corps of teachers for the year 1904.

| Lillian C. Campbell | East Saugus | Lincoln Avenue |

Attendance.

Several times I have had occasion to refer to the necessity of more punctual and regular attendance. While the year reveals a record somewhat better than the one preceding yet I am persuaded that it is far from what it should be. Whether children shall attend school or not is not optional with parents, teachers or school officials, except in cases of physical inability, contagious disease or death in the family. The law compels attendance but if for any reason pupils are absent parents should send a note to the teacher at the earliest opportunity giving the reasons for absence. Courtesy as well as self-interest would seem to be sufficient reasons for parents to do this and yet in a few cases they have refused to give cause for absences. The following quotation on this point is from a recent annual report of the State Board of Education.

“It is neither the parents nor the children, but the school authorities that finally determine whether absence is necessary or not. Therefore, the school authorities are legally entitled to know the reasons that exist for absence. Persons who ask that

children be excused for absence are doubly bound by common courtesy and by implication of law, to say nothing of a certain consideration for the rights and welfare of others, to state the reasons for so asking. It devolves, indeed, upon persons having the control of children to decide in the first instance whether the reasons for their absence are sufficiently weighty to justify it; but such reasons are finally subject to the judgment of the school authorities, or on appeal therefrom, to that of the courts. It is true that the simple request of a parent to excuse his child's absence is not unfrequently accepted by the school when no hint of the reason for such absence has been given, but the practice is not to be interpreted as a recognition of any right to withhold the reason. Should such a right be admitted, it would nullify the compulsory attendance law. It is so simple and obvious a thing for a parent to do, it so helps a teacher to discriminate between that necessary absence with which he should deal considerately, and that unnecessary absence which he should discourage, it so strengthens the school authorities in their efforts to secure regular attendance and its resulting benefits, that it ought not to be necessary to remind a fair-minded person of his legal obligation to do what considerations of courtesy, co-operation, example and the like should naturally prompt him to do."

Needless irregularity of attendance is exceedingly harmful to the pupil, the school and the family. It is fatal to the child's interest in school. The teacher must repeat her instruction or the child loses it. It lessens the profits to be properly expected from the expenditure of school money and gives to the child habits which may result in many evil consequences.

The State law in regard to attendance reads as follows :

CHAPTER 44, REVISED LAWS.

SECTION 1. Every child between seven and fourteen years of age shall attend some public day school in the city or town in which he resides during the entire time the public day schools are in session, subject to such exceptions as to children, places of attendance and schools as are provided for in section three of chapter forty-two, and sections three, five and six of this

chapter. The superintendent of schools, or, if there be no superintendent of schools, the school committee or teachers acting under the authority of said superintendent or committee, may excuse cases of necessary absence. * * * * Every person having under his control a child as described in this section shall cause him to attend school as herein required. * * * Whoever induces or attempts to induce a child to absent himself unlawfully from school, or employs or harbors a child, who, while school is in session, is absent unlawfully from school, shall be punished by a fine of not more than fifty dollars.

School Exhibit.

Last June an exhibition of school work was held in the Town Hall. This was largely attended and afforded an opportunity for parents to see the work of their own children and compare it with the productions of other pupils of the same age and grade. The papers were arranged so as to show the several grades separately in each subject.

High School.

This school has had a successful year and good work is being done, although interrupted somewhat by changes in the corps of teachers. Miss Kelley resigned in August and Mr. Ward in December to accept other positions at larger salaries.

It is to be regretted that so many pupils leave the school before completing their course. This is due in many cases to the fact that the work they are asked to do is not adapted to their tastes and needs. Pupils leave the school, and the upper grammar grades also, because they cannot maintain a creditable rank in their studies. This is not due to inferior ability always but rather to a course of study which does not meet the needs of these particular pupils.

The chief business of the High School is not to prepare pupils for college. But this particular work must be done and as long as the requirements on the part of the colleges is so exacting the college fit demands severe and prolonged study. Probably many pupils would do well to take five years for their college course rather than to try to prepare in four years.

The courses of study in the small High School are greatly influenced by the college requirements. This must be so, yet they ought not to be dominated by that influence. Greater attention should be paid to the ninety per cent. who do not intend to enter college than to the ten per cent. who may take the college course.

For these reasons our High School, as soon as arrangements can be made, should offer larger opportunities to those who would be greatly benefited by stenography, typewriting, science courses and manual training. Our High School course of study as at present arranged is appended to this report.

Your attention is called to the report of Mr. Ross the efficient principal of our High School.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—I herewith submit to you my third annual report of the Saugus High School.

| | |
|---|------------------|
| Enrollment | 110 |
| Average membership for the year | 96 |
| Percentage of attendance | 92 $\frac{1}{4}$ |
| Present membership | 101 |

Although the entering class was the largest in the history of the school, the membership to-day is hardly any larger than it was a year ago. This is due, principally, to the fact that many of last year's class, unable to maintain a good standing, became discouraged and left school. Over one-third of last year's entering class left within one year. Of the present freshman class of 48 members, after four months only one has left school and that not because of his scholarship.

Just how difficult a course of study should be made is, indeed, a hard question to decide. Shall it be so difficult that all scholars must work diligently and faithfully to keep up? Or, shall it be so easy that the careless and indifferent may glide from one grade to another, trusting that by keeping in school they will absorb more than enough to compensate for any habits of laziness or inattention they may acquire.

Our present course of study, now in use a little over a year, seems well adapted to our needs. By it a scholar in order to graduate must take four studies, part of them optional, with a total of sixteen recitations per week. Each weekly recitation counts one point; hence, the required work amounts to sixteen points in one year, or sixty-four in four years. If a scholar is not able to carry the four studies, he may take a less number with a corresponding longer time to graduate. That the usual work, however, is not too severe for the average intellect, is evidenced by the fact that a large proportion of the scholars of the upper classes take A rank in five or more studies.

In addition to our regular work outlined in the course of study, each scholar twice during the year speaks before the school, a recitation on which he has been carefully drilled by the teachers. The result of this work and of the Bond prize contests is apparent at our graduations and other public exercises. Last June the speakers of the Bond prize contest were drilled by the teachers of the High School. It was, however, too much of a task, especially when taken in connection with all the other work of graduation week.

Other extra work of the school this year includes the successful editing of the school paper, the management of a course of entertainments, and the formation of a school orchestra. Our regular work has not suffered, but has been carried on with a regularity and enthusiasm that has been good to see.

By the action of the New England College Entrance Certificate Board last spring, scholars from our school are now admitted without examination to nearly all the New England colleges. This is most gratifying for the Board is considered very strict. It withdrew the privilege of certification from several Massachusetts towns and cities that had hitherto enjoyed it. That we may not lose it, it has been decided to give certificates only to those scholars who receive an average of A rank.

Our greatest needs—that of suitable laboratory rooms in the main building, and that of a good business course—will probably be met in the course of time with the increase of pupils and the advent of a new High School building. When that time

does come it is evident that much might be gained by having the ninth grade in the High School building where greater uniformity of preparation could be secured.

We were sorry to lose Miss Kelley at the end of the spring term, but Miss Moore, who took her place, has carried on the work most satisfactorily. The rumor that Mr. Ward is to leave early next term is a disturbing one. He has done excellent work in his department creating and maintaining an enthusiastic interest in a subject difficult to teach acceptably.

Financial Report.

Again I recommend my assistants for the excellent work they have done this year.

In conclusion, I wish to thank you and the gentlemen of the School Board for your kind support and helpful interest throughout the year.

Respectfully submitted,

LELAND A. ROSS.

Music.

Vocal music holds an important place in our school system. For reasons generally recognized and which need no mention

here it has been ranked among the leading subjects of study. In recent years when many new studies have been seeking admission to our curriculum and the older subjects have been greatly changed and broadened, music has not always received as much attention as its many-sided value would warrant. But I think we do well to continue to give a large place to singing in our schools. The report of the director of music, Miss Helen M. Page, follows.

Mr. C. E. Stevens, Superintendent of Schools:

The subject of music, more than any other in the course, touches the spiritual side of the child, and gives opportunity for the expression of real emotion. Music without feeling is an anomaly. While music for the proper expression of feeling requires a technical and intellectual training, this training is a means, not an end. The ultimate aim of this work is to give the child adequate power for the correct expression of his emotions.

A careful review of the work of the year in the department of music, shows, on the whole, satisfactory progress. While some of the results, when compared with the plans made, still leave something to be desired, in many ways there has been decided improvement.

The work has not differed materially from that done previous years. Individual work has been emphasized and with the exception of a few cases, there is a general improvement in tone quality. The many changes in our corps of teachers, has been a decided drawback to this branch of work.

The highest grades are visited once a week and intermediate grades once in two or three weeks as time permits.

A High School orchestra of eight members has begun regular practice, furnishing music once in two weeks. I am satisfied that this work will prove a pleasure and benefit to all concerned.

We are now considering the purchase of a piano. Through the efforts of the High School pupils, nearly enough money has been procured—this, with a liberal gift from our committee, will sufficiently increase the fund to secure a good instrument. With a good piano, the work will receive renewed life and enthusiasm.

May we try to remember that music is a science as well as an art, and day by day live up to the requirements of its exact laws so that be our journey long or short in the pursuit of musical knowledge, so far as we go, we may be artists.

With thanks to the School Committee, the Superintendent, principals and teachers for courtesies and co-operation, I am,

Very respectfully,

HELEN M. PAGE.

Drawing.

This department continues in charge of Mr. Newell and to his skill and enthusiasm is due in no small degree the very satisfactory work of the year.

Your attention is called to his report.

Mr. Charles E. Stevens, Superintendent of Schools:

DEAR SIR,—It gives me pleasure to submit the following report of my year's work as drawing director in the public schools of Saugus.

In preparing my course of study for this year I felt that if we were to do better work than last year the effort must begin with myself. Accordingly, as an incentive to good work, I prepared my annotated outlines in as artististic a form as the limitations of the hectograph as a printing press would allow. This has had its effect and the little drawings have been a great aid to the teachers, repaying me for the time and effort put into this work.

The great number of pupils in the schools and the extra room which has been opened gave me more ground to be covered each month without an increase of time. In order to cover the ground I found it necessary to take part of the time previously devoted to the High School classes. With several new teachers who had never taught drawing before under a supervisor, it has been hard work getting well started. I thank these teachers for their earnest efforts. The teachers who worked with me last year have done all within their power, when we consider the large number of pupils each teacher has.

We are using the pencil more this year, realizing that we are weak in this line. It is the medium everyone should be able to use, as it is most ready at hand whatever is to be illustrated. After study and practice it gives most pleasing results. I do not mean that we are to emphasize this branch to the exclusion of the brush, for both are very necessary in making an all around course of valuable training. There is one hole in our course at present and that is in the fifth grade. Very few have any brush work, making it doubly hard when the sixth grade is reached. I hope soon to have brushes for all the fifth grade pupils, that they may have some training in its use before leaving this grade. This, I believe, will make our course more progressive.

The brush and color must have its place and be admitted to be a great factor in training the child's taste. The training of taste is perhaps as important a part of our work as the ability to draw. This means that the pupils must be given such ideas of the harmony of form and color and the conventions of artistic composition as will constitute a fund of information upon which they may draw throughout life. Such knowledge should enable its possessors to select and to arrange their personal possessions, be they few or many, in a tasteful manner.

I hereby thank you for your keen interest in my work and also thank the gentlemen of the committee for their words of praise and encouragement.

Respectfully submitted,

E. EDWARD NEWELL.

Troublesome Pupils.

How to deal with the troublesome boy or girl is one of the most perplexing problems with which teachers are confronted. It is the same problem which causes so much concern in the home, in society and in the juvenile courts. What shall we do with the child who persistently and habitually does the wrong thing? Such children are found everywhere but the percentage of this class is greatest in the cities.

Here are presented problems that are baffling, but they should be studied. Too long they have been neglected and we have worked at something easier. We have been trying to produce minds rather than men and with some success. Science and knowledge has been our study but conduct which shall be active on the side of righteousness has been neglected. We have labored to manufacture machines of learning and have seemed to forget that we are dealing with boys and girls capable of tremendous possibilities of good and evil. But it is time we began to consider most seriously how we can influence the will, the desires and the emotions; how we can produce noble young men and worthy young women.

We are told that in this state about 8,000 children under seventeen years of age annually commit offences serious enough to call for police action. But this is not the whole story of evil. The enforcement of the law is imperfect. If we knew the truth we should discover 8,000 others quite as bad who were not arrested. And probably there were 16,000 others only a degree less wicked than those of the first class.

This is a vital matter and it should make us thoughtful. The education of these children is a failure. The combined effort of all their teachers, including all those persons who have had a part in influencing their lives, has resulted in complete failure. Instead of becoming useful self-supporting citizens many of these will lead useless and perhaps criminal lives. And this is the result of their education for children are not born wicked; they are made so by their environment.

Children are quickly influenced and act upon the idea of the moment. Their perceptions are vivid, emotions strong and imagination is active; but reason is feeble, judgment is unreliable and past experience is as yet of little service to them. So they easily make mistakes. But we need to carefully distinguish between acts arising from impulse and acts of deliberate willing. The former may produce harm but only the latter deserves punishment. Impulsive, unpremeditated acts need attention but only deliberate acts of wrong doing call for punishment. These of the latter class are easily detected and call for prompt treat

ment. If wise corrective measures are applied before such acts become habitual there is hope. But when these acts become habits and pronounced traits of character the danger line is near and severe measures are necessary if catastrophe is to be avoided. Lying, dishonesty, disobedience, truancy, street-loafing and even selfishness, ingratitude and indolence are signs of danger and indicate the presence of bacteria which if allowed to grow may produce tramps, hoodlums and vagabonds. Teachers and parents are anxious to kill all these germs of disease in order that the moral nature at maturity may be normal, vigorous and wholesome.

The most important influence in molding young lives is the home. It should be the pleasantest place on earth for children. In it they should get something more than suitable food, proper clothing and sufficient sleep. There should be much of love, sympathy, wise guidance and helpful training. Children from good homes we expect to be good. But this is not always the case. In these days when children actually spend so little of their time in the company of their parents the home does not exert that determining influence which it should. Children no longer have a fair share in the responsibilities of the home.

Sometimes the real teacher enters so largely into the life of children as to powerfully influence their conduct. If she has the power to win and hold their love, if she has a deep and sincere interest in their welfare, if she has such genuine sympathy that she can stand in the place of her pupils and see things as they see them, then they will be better and nobler because of her influence. Even teachers of this type sometimes have troublesome pupils.

In spite of all efforts to point out the right way, and have removed all obstacles to proper conduct, and having taken into account the limitations of age and personality there are times when heroic measures are necessary. Nevertheless it is true that the maximum of interest, study and sympathy on the part of parents and teachers is accompanied by a minimum of child punishment. No rule for punishments can be given for no one method is best, yet it can be stated positively that the demand for

physical punishment of offenders is much stronger than it was several years ago. There appears to be no doubt that in extreme cases the judicial use of corporal punishment succeeds when other methods have failed. Properly administered it is a remedial and a deterrent force. The attention of the offender is called promptly and sharply to the fact that there is an authority with power. But there must be no primitive methods of cruelty, no spirit of revenge and no punishment when angry.

Teachers who resort to this mode of punishment do so with reluctance and from a sense of duty. If in all cases they had the support and co-operation of the parents the need of punishment would usually disappear. A few teachers rarely or never use corporal punishment but when necessity arises they send the pupils home. This course is preferred by some parents but is not favored by all. Several parents have complained because pupils have been sent from school. They have said they would prefer reasonable corporal punishment in school rather than to have their children suspended. The truth is that in some cases one way, in other cases the other way is to be preferred. Usually the right course will be pursued if parents and teachers confer, having in mind always the welfare of the child.

The most intelligent check on wrongdoing which has ever been given a place in the public schools is manual training. In previous reports I have referred to this subject at length. Here I may be permitted to say that sewing for the girls and bench-work for the boys ought to be given a place in our schools at once. When this is done we shall hear much less about the troublesome pupils. This addition would contribute greatly to the efficiency of our system of education. Saugus is about the only town in this vicinity that is doing nothing in the line of manual training.

It may be said we cannot afford the additional expense. We can always afford to make a sound business investment. Education is not a charity but a moral obligation and a financial transaction. The best education insures the highest rate of interest. The greater the outlay for education the less will be the cost of caring for crime and criminals. Mr. Spaulding, the secretary of the Massachusetts Prison Association, says that the annual state

expense for police, courts and prisons is more than \$5,500,000. These figures will never be less until more money is spent in preventing crime. Some one has said, "Learning the three R's unaccompanied by industrial education is sure to bring about a fourth R—rascality." This may be an extreme statement but it contains some truth.

After trial in many cities and towns manual training has been found to be of so much interest and value to the pupils that we may wisely consider its introduction. Freely we have received, let us give freely. We are greatly indebted to our fathers; let us pay the debt in educating our children or we are bankrupt forever.

Respectfully submitted,

CHARLES E. STEVENS,

Superintendent.

| Hist. of Greece and Rome, | 2 | | |

Drawing is required of all first year scholars. Music, one period weekly is required of all not specially excused by the music teacher. Scholars in order to graduate are required to take studies amounting to at least sixteen periods per week. Required studies are marked with a *. The figures indicate the number of recitation periods per week. Two periods of laboratory work count as one recitation period.
